

PHHP Curriculum Committee
February 15, 2017
11:00 am – 12:00 pm; HPNP 3105

Present: L. Altmann, D. Estrada, D. Fedele, G. Hack, B. Okech, C. Prins, C. Vogtle (transcriber)

Report on meeting with UF Approval representatives. Dr. Estrada reported the outcomes of the meeting with UF Approval representatives, Dr. Shorey and Mr. Griffith, as well as discussed the proposed changes to the PHHP submissions form. He also reviewed the newly created workflow chart for the committee members.

Submissions review and outcomes.

- A. Update courses for PH Minor to reflect undergrad courses
 - Approved
- B. Update prerequisites for PH Minor to reflect BPH program
 - Approved
- C. Health Informatics and Social Media (New Course)
 - Provisionally approved pending the addition of prerequisites for the course. If there are no specific course prerequisites, then as a 4k level course you should indicate “upper division standing”.
- D. Diversity, Disparities and Health in the United States (New Course)
 - Provisionally approved pending: addition of information regarding the required student paper, development of objectives to meet the 4000 level standard, and clarification of whether textbooks are required to be purchased or will be available on reserve.
- E. Healthcare Business and Operations Concepts (New Course)
 - Provisionally approved pending: addition of prerequisites, added detail on required course materials, and clarification of how the attendance policy will impact grading.
- F. Deaf Culture (New Course)
 - Return for revision: syllabus must be submitted in the required college format; objectives should be cleaner; clarification regarding class materials as to whether they are required or just supplemental, must be provided; clarify purposed of field trip and whether it is required or optional; provide full extra credit options available to students.

Next Meeting: March 15, 2017 from 11 am – 12 pm in HPNP 3105
