Committee Work Flow Review. Dr. Hanson presented the updates to the Curriculum Committee operations process. She reviewed committee members' roles and presented the new syllabus review forms which Dr. Hack then explained in detail. In order to accommodate the new review process, the deadline for submissions to the committee will now be two weeks, rather than one week, in advance of the committee's monthly meeting date.

Submissions review and outcomes.

- A. Applied Techniques in Public Health Entomology-Course Modification
 - Recycled
- B. Systems Thinking in One Health-New Course
 - Recycled

Remaining items will be reviewed during the next meeting.

Next Meeting: November 15, 2017 from 11 am – 12 pm in HPNP 3105
